

VOLUNTEERS NEEDED !

Math Field Day

California State University, Fresno

Saturday, April 27, 2019

Math Field Day is a competition for middle and high school students (grades 6-12).

The purpose of this event is to provide motivated students with the opportunity to meet and compete with students from other schools and to receive recognition. We believe that this event provides a unique learning situation for students, and that recognition of their participation will serve to stimulate their interest in mathematics and encourage continuation of their mathematical endeavors.

We need volunteers for the following tasks:

- register participants (starting at 8am)
- proctor contests (9am-12pm, most volunteers are needed for this task)
- some proctors will need to first take the participants to their competition rooms
- record scores and other office work (10:45am-2pm)
- play games (1-2:30pm, games will be provided)
- set up (11am-12pm) and take down (3:30-4:30pm) the awards ceremony site

You will get:

- breakfast and lunch
- great experience
- appreciation from math faculty
- chance to win a raffle prize (Math Dept t-shirt)

The event is approximately 8 AM - 5 PM, but if you are only available for a part of this period, that's fine. Please register for volunteering by filling out the "Volunteer Registration" form available on the Math Field Day webpage at:

<http://fresnostate.edu/csm/math/activities-and-events/news-and-events/field-day/field-day-reg.html>

If you have siblings or friends who are now in middle or high school please tell them about this competition!

Information about the Math Field Day can be found at
